Customers may utilize Terrapin’s online shopping cart to generate an immediate quote. Place the desired items in the shopping cart and click the **Request Quote** button. Fill out the information requested and complete the quote. This provides an official quote with prices and shipping charges that is valid for a year from the date of the quote. This also creates an online account, making it easier to make any changes and to convert the quote to an order when the purchase order is received.

To convert the quote to an order, send Terrapin a copy of the purchase order for the quote or call (1-800-774-5646) to convert the order with another form of payment. We may contact you if we don’t hear from you in a couple of months to see if the quote is still under consideration for purchase.
